

# **Mr. X** has saved McKean County residents so much money on their auto insurance he is now hated by all the other local insurance agents and needs to hide his true identity

How much money has [redacted] saved the average McKean Countian family on their annual auto insurance premium? \$411.23. That's a huge chunk of change. Imagine putting all this money in your pocket and it just takes a short six minute phone call to make it happen.

Let me ask you a question: What are you doing in the next six minutes that can put \$400, \$600, \$800 or more in your family's checkbook?

Do yourself and your family a huge favor by calling [redacted] now. Listen, it doesn't even matter if you've renewed your auto policy yesterday with someone else. [redacted] will handle all the paperwork cancelling your old policy and switching you over to your new one.

Our clients love saving money in these tough times, but they also know that if there is ever a problem which needs to be taken care of we're close by, here in Bradford, and not a call center on the other side of the world.

Here's what a few of our clients, your neighbors, have to say about us:

*"I saw the article and had to see for myself. What [redacted] saying is true, we ended up saving \$843.00 a year on our auto and home insurance" ~M. Wilber, Smethport, PA*

*"The [redacted] saved me over \$800 a year on my auto insurance. The staff is very friendly and always willing to help. Thank you [redacted] and staff." ~R. Scutt, Smethport, PA*

*"I feel that [redacted] went far beyond what you would expect from an insurance agent. Plus he saved us close to \$1000 on premiums with more coverage that cannot be beat." ~S. Howard, Port Allegany, PA*
